

Elena Rostova

SENIOR FRONTEND SOFTWARE ENGINEER

Email: elena.rostova@example.com Phone: (555) 881-2049 Location: Austin, TX Portfolio: elenarostova.dev

UI/UX-focused Frontend Engineer with 7 years of expertise building accessible, high-performance web applications. Deep specialization in modern JavaScript/TypeScript frameworks, design systems, and web performance tuning.

TECHNICAL SKILLS

Frontend: React, Vue.js, TypeScript, JavaScript (ESNext), HTML5/CSS3

Testing & Tooling: Jest, Cypress, Playwright, Vite, Webpack, Babel

Styling & UI: Tailwind CSS, Styled Components, Sass, Storybook

Standards: WCAG 2.1 AA Accessibility, Web Vitals, Responsive Design

PROFESSIONAL EXPERIENCE

Lead Frontend Engineer — Canvas & Code Inc. 2022 – Present

- Created an enterprise design system in React/TypeScript used by 12 cross-functional teams, standardizing UI consistency across 8 products.
- Achieved 100% WCAG 2.1 AA compliance across core user journeys, eliminating accessibility barriers for screen readers and keyboard navigation.
- Optimized Lighthouse Web Vitals scores from 62 to 98 across desktop and mobile platforms.

Frontend Developer — PixelCraft Digital 2019 – 2022

- Developed complex interactive data visualization components using Vue.js and D3.js for SaaS marketing analytics tools.
- Migrated client-side rendering pipeline to SSR, boosting organic SEO traffic by 35%.
- Wrote automated end-to-end test suites using Cypress, catching critical regression issues prior to deployment.

CERTIFICATIONS & CREDENTIALS
